# Statement of Purpose

## **AIMS & OBJECTIVES OF Phoenix (SW) Ltd**

Phoenix SW Ltd is a family run business founded in 2009 in Bath. Phoenix SW Ltd was founded originally to support residents of Bath & NE Somerset to set up and run their own Self-Managed Care Packages, otherwise known as Self Directed Support (SDS) or when packages are local authority funded, Direct Payments. The main commonality of these arrangements is that individuals are able to personalise their support arrangements by employing their own Personal Assistants who can meet their needs in ways that give them more flexibility and control over their care.

Phoenix registered as a Care Agency in January 2020 but it has remained our core belief that anyone requiring support to live independently should have as much choice and control over their care arrangements possible, so we have since set about creating a model of service delivery that combines the best of Registered Agency Provision and Self Directed Support which we believe has several unique features.

- Firstly, we respect, acknowledge build upon and invest in the skills and experience of our front line staff, rewarding them appropriately and devolving to them as much responsibility and accountability for all aspects of the support of their clients as possible.
- Secondly, support is provided to each client by a consistent team made up of a small number of Personal Assistants who share between them responsibility for that client's care requirements, who wherever possible are lead by a Team Leader or Key Worker who themselves is a regular member of that team

# Complaints Policy

---

## 1. Raising Complaints

A complaint can be received by Phoenix (SW) Ltd T/A Phoenix Care either verbally or in writing and can be made by:

- Clients
- Someone acting on behalf of a Client and with their written consent, e.g. an advocate, relative, Member of Parliament
- Someone acting on behalf of a Client who is unable to represent his or her own interests, provided this does not conflict with the Client's right to confidentiality or a previously expressed wish of the Client

Phoenix (SW) Ltd T/A Phoenix Care will ensure that Clients are given information on how to make a complaint and the process once a complaint has been made, including any agreed timescales.

## 2. Time Limits for Submitting a Complaint

Complaints should be submitted within 12 months of the incident or concern arising. The time limit, however, can and should be waived, if:

- It is still practical and possible to investigate the complaint (the records still exist and the individuals concerned are still available to be questioned, etc.) and
  - The complainant can demonstrate reasonable cause for delay in making the complaint
- It is at the discretion of the manager of the service if the time limit can be set aside.

## 3. Complaints Procedure:

### Step 1

When a complaint is raised to staff, staff will make an effort to resolve it immediately to the satisfaction of the complainant.

### Step 2

Staff will apologise for the fact that there was the need to complain in the first instance and explain the complaints process as described in the procedure steps.

### Step 3

Staff will report the complaint to the most senior member of staff on duty and the complaint will be logged.

### Step 4

Formal acknowledgement of all complaints received (whether verbal or written) will be sent within 3 working days to the complainant. This could be via letter or email. Phoenix (SW) Ltd T/A Phoenix Care will have a local system in place to manage out-of-hours and weekend complaints received.

The acknowledgement will include:

- An invitation to meet and discuss the complaint
- Who will be investigating the complaint
- How the investigation will be handled - the response should state what the investigation will be focussed on
- A time limit for the investigation to be concluded. This should be 28 days. However, some cases may take longer and the complainant will be made aware of this
- The complaints procedure and contact details of bodies that can be accessed in the event of dissatisfaction with the outcome of the investigation

### Step 5

Following a full investigation, a response letter will be sent and this will include the following:

- A summary of the issue from the complainant's point of view
- Details of the evidence and sources consulted in order to investigate the issue fully and fairly
- A presentation of the findings for each issue clearly and concisely described
- A conclusion, stating clearly whether the issue is "upheld", "partially upheld" or "not upheld"; unless it is ineligible, in which case the reason for this will be given, e.g. out of time or out of jurisdiction

- An explanation of the outcome and whether any remedial action or learning points arise from the investigation of that issue
- An apology where the issue is upheld and shortcomings or failings have been found
- The complainant's rights if not satisfied with the outcome to refer to The Local Government and Social Care Ombudsman
- A signature from the responsible individual or sent by email in their name

#### Step 6

The complaint will be closed once confirmation has been received that there is satisfaction with the outcome. In the event of dissatisfaction, Phoenix (SW) Ltd T/A Phoenix Care will support the complainant to access further support (refer to section 5.6)

### 4. The Complaints Log

A record will be held of all complaints raised and contain the following information:

- Each complaint received
- Subject matter and outcome
- Details of any reason for delay where investigations took longer than the agreed response period
- The date the report of outcome was sent to the complainant

Where complaints relate to a Client, a copy of the complaint will be held in their care records so that the Client can reflect on the recommendations.

**Where complaints are raised by telephone, the log will include the date and time of the call and this will** be followed up with written confirmation of the areas discussed.

Where a complaint indicates the potential abuse of Clients, safeguarding policies will be followed as per local authority expectation and necessary notifications made to the regulatory body. Where Care is commissioned by BANES, their reporting procedure for notifying them of complaints will be followed.

Where complaints are to be shared as part of learning, the complaint will be anonymised so there is no identifiable Client information.

### 5. Investigations

All investigations will be managed by using the following approach:

- Investigating the fact
- Assessing evidence
- Review of records
- Interviewing those involved

Where necessary, advice and support will be sourced via senior managers within the organisation. The complaint must be investigated by a member of staff with the knowledge, experience and seniority to undertake the investigation robustly.

Confidentiality of information will be considered at all times and staff will adhere to the confidentiality policies and relevant codes of practice.

If an investigation of a complaint results in disciplinary action against staff within Phoenix (SW) Ltd T/A Phoenix Care, the complaint will continue to its conclusion. The complainant will be informed that the investigation has led to the disciplinary process, but the details of the outcome or ongoing investigation will remain confidential.

Anonymous complaints will be investigated in the same way as named complaints. They will be logged and any corrective action necessary will be taken and also logged.

## 11. One Complaint, One Response

Where more than one organisation is involved in the Client's Care, they, or their representative, will be able to complain to any of them and Phoenix (SW) Ltd T/A Phoenix Care will contact the other organisations, carry out a joint investigation and provide a single joint response. Clients must not have to contact each organisation separately.

If someone complains and Phoenix (SW) Ltd T/A Phoenix Care is not responsible for the care or service complained about, rather than turning the complainant away, Phoenix (SW) Ltd T/A Phoenix Care will share the concerns with the correct organisation(s). It will be necessary to obtain the individual's permission to do this. If the person prefers that their complaint is not shared with another organisation (or organisations), Phoenix (SW) Ltd T/A Phoenix Care will signpost them to the right organisation instead and provide the person with their contact details.

Phoenix (SW) Ltd T/A Phoenix Care will follow [LGO guidance](#) for managing this.

All efforts will be made by (Acting Manager) Charlotte Aldridge to resolve all complaints within Phoenix (SW) Ltd T/A Phoenix Care. If a Client does not wish to raise a complaint directly to management within Phoenix (SW) Ltd T/A Phoenix Care, in the first instance, staff will try and sensitively establish their reasons why and aim to resolve and address any concerns that present.

Decisions to raise complaints outside of Phoenix (SW) Ltd T/A Phoenix Care will be fully respected and the Client will be supported to raise their complaint with the commissioner of the service or to seek the support of an independent advocate or representative. Staff can also refer to section 5.6 for a further list of organisations that can be accessed.

Clients can also be signposted to [Citizens advice guidance](#).

# Homecare Customer Charter

## Our commitment to you

This charter explains what you can expect from all homecare services arranged for you by Bath & North East Somerset Council and CCG.

## Our approach to supporting people

We will ensure you receive high quality services to enable you to live as independently and confidently as possible in your own home and community, participating as an active and equal citizen. Homecare is one part of a jigsaw of services and opportunities which might be suitable for you. You may pay for homecare yourself, but if you are entitled to homecare paid for by the Council or CCG, we will purchase homecare on your behalf from private companies who we call our providers.

## As part of our approach, homecare can help you to:

- live as independently as possible
- stay in your own home for as long as possible
- have maximum control over your life
- have the best possible quality of life, irrespective of illness or disability
- maintain your dignity and privacy

## Our homecare providers will:

- Arrive in good time, within an agreed window of time (often 30 minutes).  
If you become concerned that your visit is late, you can call the provider.
- Let you know about any change or unavoidable delay to your service
- Clearly display identification and dress in a presentable manner
- Have professional skills and training appropriate to their role and your needs
- Work in a safe way that does not put you, your family or homecare staff in any danger – and help you stay safe from any form of abuse
- Treat you with courtesy, and respect your dignity, personal circumstances, privacy and confidentiality
- Take a personal approach to meet your needs and goals as agreed in your care plan
- Listen to you and tailor your support to your preferences wherever possible
- Support you irrespective of your age, cultural background, ethnicity, sexual orientation, gender or personal support needs
- Involve your family members and carers if you want us to
- Help you get the information you need to make decisions or tell you about how you can contact other services and support.

Our homecare providers will ensure services are properly staffed and funded, and that staff are properly trained, supervised, supported, and checked to make sure you can be confident you will be safe to have them in your home. All providers will be registered with the Care Quality Commission (CQC) who inspect care services in England.

## **We ask that you:**

- Let your provider know if you don't need your usual visit if you are able to
- Treat staff with courtesy and respect
- Let your provider know if your carer is late beyond the agreed window of time (generally this will be more than 30 minutes late) **Are we getting things right?**

If you want to share a compliment, concern or complaint, speak first to the organisation providing the service, if you can. This will give them a chance to put things right, learn from what you tell them, and continue to improve services.

If you don't feel comfortable doing this, or if you don't get the response you hoped for, we can help you make a complaint. You can contact us by letter, email or phone at the following address:
