

# Things that go Together Quiz

There are two ways to play this game.

## One:

Call out one word and ask participants to guess the matching word.

## Two:

Make cards with words printed in a large font; laminate and then separate by cutting out the words. Place words on the table and ask a small group of participants to find the matches by laying them side by side. Depending on the ability of participants you may give them only 6 to 10 matching words.

Salt and Pepper	Up and Down
Gin and Tonic	Back and forth
Shoes and Socks	Spaghetti and meatballs
